

Avendus Capital advises smallcase on its USD 50 million Series D fundraising led by Elev8 Venture Partners with participation from State Street Global Advisors, Niveshaay and existing investors

India, March 28, 2025

smallcase, India's largest model portfolios platform, has raised USD 50 million in its Series D funding round with a mix of primary and secondary led by Elev8 Venture Partners with participation from State Street Global Advisors, Niveshaay and existing investors, Faering Capital and Arkam Ventures. The capital raised will be used to expand smallcase's investment product offerings across asset classes and strengthen its relationships with retail investors and ecosystem partners.

Avendus Capital acted as the exclusive financial advisor to smallcase on this transaction.

Launched in 2016, smallcase created a new category of investment products, smallcases, for individuals to take a diversified approach towards building their long-term portfolios with full transparency and control.
