Avendus advises Newgen Software Technologies Ltd. in its INR 106 Mn funding from SAP Ventures

Mumbai, September 11th 2008: Newgen Software Technologies Limited, today announced that SAP Ventures has invested in the company for a minority ownership. Newgen will use the proceeds to fund continued growth, including product development & acceleration of global expansion plans, particularly in new geographies across the world like USA. The company is targeting expansion of its sales and marketing operations from 30 countries at present to 100 countries in the next four years.

Avendus Capital was the exclusive financial advisor for the transaction.

Newgen is a provider of enterprise solutions for BPM & ECM in BFSI, BPO, Telecom, Manufacturing & Government segments. According to IDC, Newgen is the market leader in India & has a global footprint with substantial market share in the Middle East, Africa & APAC.

"An integrated Content Management & BPM platform is vital to successfully automate paper-based workflows & manage the enormous volume of digital content created," said Ranjan Das, President & CEO, SAP Indian Subcontinent. "In line with our focus, I am delighted that SAP India is able to nurture innovation in the Indian IT Sector through this investment in Newgen by SAP Ventures."

"Newgen is one of India's leading software vendors that have managed to establish a global footprint and we look forward to being a part of the Company's continued geographic and product expansion" said Jai Das, Investment Partner, SAP Ventures. "The Company has created a very compelling product for automating workflows & for managing business processes of enterprises in various market segments including BFSI, BPO & Telecom which has enabled the company to have significant YoY revenue growth. We hope to help Newgen build on the platform that it has already created."

Speaking on the investment from SAP Ventures, Diwakar Nigam, MD & CEO of Newgen said, "We are pleased that SAP has chosen to invest in Newgen. It is a testimony to Newgen's Imaging & Workflow products for BPM. We have many installations where we complement SAP in the Manufacturing & BFSI market segment. There are obvious synergies between the products of SAP & Newgen & the investment will lead to closer working of the two companies which will help Newgen to grow faster & garner larger share of the fast growing BPM space."

Earlier this year, Newgen announced a significant investment of INR 300 million for a minority stake in the company by HSBC Private Equity (Asia). Now with SAP on board, Newgen is one of the few software product companies to have financial backing from the world's leading Financial Services and Technology companies that have extensive reach in overseas markets.

About Newgen Software Technologies

Newgen Software is a market leader in Business Process Management (BPM) and Enterprise Content Management (ECM), with a global footprint of about 700 installations in over 30 countries. More than 100 of these implementations are large, mission-critical solutions deployed at the world's leading BFSI, BPO and Fortune Global 500 companies.

Newgen is recognized by distinguished research firms like IDC in its exclusive report "Newgen Software: Global Leader in Business Process Management and Document Management Solutions" and Celent as "Significant Player" in Banking DMS report. Winner of several awards such as Frost and Sullivan' "Market Leadership Awards for Document Management System and Workflow Software 7 Services" and "Distinguished Application Product Company" by NASSCOM.

More recently, Newgen Software won the prestigious CNBC Emerging India Awards 2008 for the IT, ITeS and ICE category.
