Following this transaction, Lenskart has attracted close to USD 1 billion in capital over the last 18 months, making it one of the largest growth-stage financings globally.

Lenskart continues to deepen its penetration in India while rapidly scaling its international presence in Asia including in Southeast Asia & Middle East. With a unique click and mortar business, it is revolutionizing the eyewear industry by offering a seamless truly omni-channel customer experience spanning across online, mobile application and stores. The company now has 2,500+ stores of which ~2,000 are in India. Lenskart continues to deliver strong growth and consistent profitability.

| Avendus Capital was the exclusive financial advisor to Lenskart and its selling shareholders on this transaction.

Neeraj Shrimali, Managing Director and Co-Head, Digital and Technology Investment Banking, Avendus Capital said, “We are delighted to once again partner with Peyush and the Lenskart team. Lenskart has built one of the most defensible businesses with an omnichannel experience, deep backward integration, and a steadfast commitment to customer satisfaction. This investment by renowned global investors underscores the uniqueness of Lenskart’s disruptive model and highlights the excitement surrounding one of the most anticipated IPOs in India in the coming years. We are excited about what lies ahead for Lenskart & Peyush. In our view, more late-stage tech companies will continue to garner strong investor interest demonstrating the robustness and excitement of the Indian consumer tech landscape.”
