This marks the first direct investment of StepStone Group in an Indian company.

| Avendus Capital acted as the exclusive financial advisor to Zepto on this transaction.

Founded in 2021 by Stanford University dropouts, AaditPalicha and Kaivalya Vohra, Zepto became one of India's fastest-growing internet companies of all time. Headquartered in Mumbai, Zepto has delighted millions of customers by delivering 6,000+ grocery products in 10 minutes through a network of delivery hubs across the country. Zepto has demonstrated best-in-class operating discipline and has proven the quick commerce business model by turning majority of its dark stores fully EBITDA positive. The company has grown its sales by 300% year-on-year and will likely achieve USD 1 billion in annualized sales within the next few quarters.

AaditPalicha, Co-founder and CEO of Zepto said, "This business is about execution and we are succeeding because our execution is strong. Our culture of deep frugality and worshipping customers has gotten us here, but there is still so much for us to achieve. We are in this to build a generational company and it truly feels like this is just the beginning."

Kaivalya Vohra, Co-founder and CTO of Zepto shared, "Even with this capital, we want to maintain our discipline, avoid complacency, and push hard to hit EBITDA positivity. In that journey, the biggest drivers of P&L improvement for us are based on technology and product. We are building one of the best supply chain product stacks in the country today and we are investing heavily in customer-facing product as well. This technical excellence is in our DNA, and I'm excited about the next phase of building."
